

Security Grade Handling Report 2026.

Section 1. Every document issued by the postal service must carry a signed grade label.

Section 2. The ledger records every issuance event and never deletes a row.

Section 3. Gates verify the label signature and consult the ledger before release.

Section 4. Revocation is recorded as an event, and destroyed documents keep evidence rows.

Section 5. Cross-agency release relies on equivalence treaties that translate grades.
